GETTING STARTED

The Ionic Book

Welcome to the official Ionic Book, where we will walk through the process of getting Ionic and all its dependencies installed, creating a new project, designing and building the UI, adding logic, testing, deploying on the device, and publishing to the various app stores.

Chapter 1
What is Ionic?

Chapter 2
Installation

Chapter 3
Starting your app

Chapter 4
Testing your app

Chapter 5
Building it out

Chapter 6
Publishing

Installation

```
$ curl -o ~/Downloads https://nodejs.org/dist/v0.12.7/node-v0.12.7.pkg  
$ ~/Downloads/node-v0.12.7.pkg  
$ sudo npm install -g npm  
$ npm install -g cordova  
$ npm install -g ionic  
$ npm install -g firebase-tools  
$ npm install -g bower
```
